## NCATT

4801 Marine Creek Parkway  
Fort Worth, TX 76179  
(817) 515-7264 [www.ncatt.org](http://www.ncatt.org)

NCATT has been facilitating the industry's development of standards and certifications since 1999. It is through this partnership that NCATT has been able to meet the industry's goal of establishing an independent, third party, certifying body and portal for standard and certification development.

### NCATT'S Mission

NCATT's mission is to provide a forum through which subject matter experts from industry, government, and education develop technical knowledge and skill standards.

### NCATT's Vision

NCATT's vision is to be recognized as the premiere resource for the aerospace and transportation industries in the facilitation and development of:

- Knowledge and Skill Standards
- Certifications
- Accreditations for Training Providers
- Outreach Activities

The National Center for Aerospace & Transportation Technologies, NCATT, is registered as a Non-Profit organization with the State of Texas and falls under \*Section 501(c)(6) of the Internal Revenue Code.
